

Nestbox Program Application Form

Helping local wildlife find safe places to shelter and breed

Please complete this short form to request a nestbox through the Portland Field Naturalists' Club program. Nestboxes are intended to support local wildlife by providing supplementary habitat where natural tree hollows or other nesting sites may be limited.

Program area: Portland and surrounds. Submitting an application does not guarantee a nestbox. Requests will be considered subject to availability, site suitability and program priorities.

1. Applicant details

Name

Group / organisation (if applicable)

Phone

Preferred contact method

_____ Email: _____

☐ Phone ☐ Email

2. Proposed nestbox location

Property / site address

Town / locality

Land type

Are you the landowner or land manager?

If permission is needed, who will provide it?

☐ Private property ☐ Community site ☐ Public land ☐ Other: _____

☐ Yes ☐ No — please provide details below

3. About the site and wildlife

What is the site like? Tick any that apply:

☐ Bushland / remnant vegetation ☐ Garden / residential ☐ Park or reserve ☐ Farm / rural property ☐ Other:

Which wildlife would you like to support, if known?

☐ Possums / gliders ☐ Birds ☐ Microbats ☐ Not sure / would welcome advice

Briefly describe the site and why you think a nestbox would help (e.g. few old trees or hollows, habitat restoration):

4. Installation and ongoing care

☐ I can arrange suitable installation, subject to guidance from the Club.

☐ I would appreciate advice about installation or placement.

☐ I am willing to report occasional observations (e.g. whether the box is being used), if safe and practical.

Anything else the Club should know?

5. Applicant declaration

I confirm that the information provided is accurate. I understand that permission must be obtained from the landowner or relevant land manager before installation, and that nestboxes should be installed and maintained safely. I understand that the Club may contact me about this application and that a nestbox cannot be guaranteed.
